Testimonials

"Each of you are doing the work you were born to do. Your caring, respect and genuine love for each person at Carefree is very evident to anyone who watches & listens to the daily routine. Each of you makes everyone feel safe and a member of the "Family" of Carefree. I thank you for your loving care you gave my father, John. You will all be a part of my family forever."

- Dottie

"Words cannot express my appreciation for all the care you gave to my dad, Joseph. You all made his stay comfortable and pleasant. Other than home, it was the best place for him to be. You are all very caring and compassionate and I really appreciate all you did for my father. You are all angels. Thank you all again."

- Linda

"My mother has been a resident at Carefree Assisted Living for 3 years. The staff has become like members of our family, with care and companionship she receives 24/7. I feel blessed every day that we have found such a wonderful facility."

– Jacalyn Carlson
